

P3M - Nuclear

Location: Birmingham, England, United Kingdom (Hybrid)

Nuclear Industry Opportunities – Project, Commercial & Planning Roles (SC Cleared)

Salary: £50,000 – 65,000 depending on your level of experience

NexGen Associates is currently recruiting for multiple roles within the UK nuclear sector, supporting high-profile construction and infrastructure programmes in Birmingham and the surrounding areas.

We are seeking professionals with a background in nuclear, infrastructure or construction projects, who are either NEC qualified or have proven NEC contract experience.

We are hiring for the following roles:

P6 Planners

Project Planners

Commercial Managers

Contract Managers

Quantity Surveyors

Project Managers

Cost Estimators

Essential Requirements:

- Minimum of SC Clearance
- Sole British Citizens only – UK-born (due to the security classification of the work)
- Strong experience in NEC environments within construction or infrastructure

These are fantastic opportunities to be part of critical national programmes shaping the future of the UK's nuclear capabilities. If you meet the above criteria, we would love to hear from you.
